

The Kensey STA-TITE® is designed for universal pans and is made from durable, Tecnoplast™ thermoplastic material. It has special Hybrid Hinges™ that combine the benefits of both stainless steel and thermoplastic to provide a commercial-grade hinge. This seat also features STA-TITE®: the patented fixing system that always stays tight and takes the guesswork out of installation. The lower portion of the nut shears off when the proper tightness is reached, so you cannot over-tighten.

## SEAT FEATURES

STA-TITE® - patented fixing system that will not loosen! Simple, "no mess" installation ensures your seat stays tight on the pan
